

DYNASTAR-2 - 7W MKD2 Lamp

Description

MKD2 is a high power, dimmable retrofit type LED lamp. It is carefully engineered with advanced LED innovations and the highest quality components to ensure optimal performance and reliability. Proprietary built-in driving circuitry enables MKD2 to take the place of traditional halogen lamps and dim as needed without additional modifications or fixtures.

Dimensions

Specification

Power	7W
Voltage	200-240V
Colour Temperature	3000K
Lumen Output	530Lm
Lumens Per Watt	75Lm/W
Beam Angle	38°
Dimming Options	MKD2
Chip Life	50,000 Hours
Binning	3-Step MacAdams Ellipse
IP Rating	IP20
Finish	White
