

TERRA-RPV350CC - TERRA Switched Driver

Description

The TERRA-RPV350CC constant current driver is rated to IP68 making it suitable for submersion up to 2M. The driver is rated to 350mA with a Max load of 9W.

Dimensions

Specification

Dimming Option	Switched
Type	Constant Current
Power	Max. 9W
Input Voltage	120-240V
Input Frequency	50/60Hz
Input Current	0.039A
Output Voltage	Max. 37V
Output Current	350mA
Ambient Temperature (Ta)	45°C
Case Temperature (Tc)	-20°C - 85°C
IP Rating	IP68
Overload	240g
